MISSISSIPPI—Citizens' Council

IT'S YOUR FIGHT, TOO

Rev. Wesley Pruden, Pastor of Broadmoor Baptist Church, said he "believes 98% of the people of Little Rock are opposed to school integration and the present crisis is the failure of the people to take a stand earlier."

We in Mississippi, thanks to the Citizens' Councils, did take a stand immediately following the Black Monday decision. The situation in Mississippi today eloquently proves the good work of Citizens' Councils.

However, all of us have been asleep for some 40 years and let the NAACP put all this damnable stuff on us, aided by the Communists, Pinks, do-Gooders, by slow, insidious propaganda. Today Mississippi and the other Southern States are just as much satellite states as are Hungary and Poland.

Are we to submit or continue the fight? Citizens' Councils, no matter how long it takes, are going to continue the fight.

Don't you honestly feel, Mr. and Mrs. Mississippi, that it's your fight, too? If so, join your local Council NOW. Give in person, or by mail, your name, address, telephone and $5.00 (Why not another $5.00 for 1958, too) for 1957 membership to Mr. J. H. Peebles at the Bank of Commerce.

The above ad (run free by Greenwood newspapers) is sent you because we believe it will boost your membership. Change to fit your Council, or as you see fit.

Bob Patterson, Executive Secretary
